Selection criteria

These Crystal Grand Pianos made of clear PLEXIGLAS® are extremely elegant, timeless, bewitching and beautiful. Its lively sound, pure, bright and warm will enchant any demanding pianist. The sensual designs will captivate each listener.

Description of the application

Premium piano components and a full acrylic structure including beams, key-table and body, give the CRYSTAL Grand Piano a pure, spell-binding sparkling sound and makes this instrument less sensitive to temperature fluctuations and moisture, thus ensuring a stable tuning. CRYSTAL Grand Pianos features; multiple color and exclusive variations of the body (www.acrylic-couture.com). Countless painting possibilities of the frame, soundboard, the rim and main lid. In addition these handcrafted instruments can also be personalized for instance with 14/18 carat gold plated parts, diamonds or top grade gemstones. Each and every CRYSTAL Grand Piano is an original handcrafted work of art, personalized and unique in the world, designed for the exclusive and glamorous environment where it will be located. Authenticity and originality are guaranteed for each of our Crystal Grand Pianos.
