## PLEXIGLAS®

### 2015 Hahnenkamm World Cup races in Kitzbühel

#### Market segment

Lighting Technologies

#### Location

Kitzbühel, Austria

#### Product

PLEXIGLAS® XT tubes, clear  
Diameter: 300/292 mm  
Length: 3,000 mm, 16 pc.

#### Selection criteria

- Rigidity
- Light fastness
- Transmission (brilliance)
- High impact strength to cold (does not become brittle at low temperatures)

#### Fabricator

Zumtobel  
<http://www.zumtobel.com>

#### Application description

The Hahnenkamm race is an Alpine skiing event that has been held on Hahnenkamm mountain in Kitzbühel since 1931. The race became part of the World Cup series when it was introduced in 1967. The race attracts members of high society, making this the biggest event of the World Cup circuit.

Just outside the racecourse, the light rods designed by Zumtobel (made from clear PLEXIGLAS® XT tubes) adorn the Kitz Race Club.
