

Reference

PLEXIGLAS®

megaSun 7900 alpha deluxe

Product

PLEXIGLAS® GS, UV permeable

Processor

KBL AG, Dernbach
www.kbl.de

Selection criteria

- Excellent resistance to UV radiation within the tanning bed
- PLEXIGLAS® sheets have outstanding UV and light transmission properties
- Excellent processing and forming properties

Application description

megaSun tanning beds are high-quality, health-promoting, professional tanning units used throughout the world in tanning studios, gyms, spas, wellness centers, and the hospitality industry.

The 7900 alpha deluxe, the flagship of the megaSun series, features an impressively elegant design combined with powerful elements and outstanding features. The ergonomic shape of the PLEXIGLAS® bench optimizes light distribution and maximizes comfort.
