### Tervalis – Madrid Headquarter, Spain

#### Market segment

Lighting Technologies

#### Product

PLEXIGLAS® XT Tubes Clear 0A070  
PLEXIGLAS® XT Tubes White WN670  
Diameter: 80/72  
Length: 2.580 mm

#### Location

Madrid, Spain

#### Fabricator

Estudio Eritro + Arquiem  
[www.arquiem.es](http://www.arquiem.es)

#### Selection criteria

- Rigidity
- Light fastness
- Transmission (brilliance)

#### Description of the application

The main goal of this project was to enlighten a space with already limited natural light. The continuing partition was created to separate the most noble rooms from the rest of the space. It is composed of PLEXIGLAS® tubes, where a high percentage of them are back-lit. The light changes all day long, to give the impression of a course of a day to the office users just as if there was natural light.
