#### Fabricator

HLS Berg GmbH & Co.Kg, Freudenberg, Germany

<http://viewcase.de>

#### Selection criteria

- Visually appealing
- High light transmittance
- Very good surface quality
- Best processing options

#### Description of the application

Collectors' heaven:

Items of personal or monetary value are optimally preserved, protected from dust and fingermarks, and attractively presented in a case of high-quality workmanship.

Everything near and dear to your collector's heart will find a safe home in the viewcase CS.

The high-transparency PLEXIGLAS® hood offers a clear visual field and invites viewers to admire your "small treasures."

A groove in the base ensures a dust-free join between hood and base plate.

In the viewcase CS light model, the concealed LED strip lighting gives the presentation the final touch and provides the perfect showcase for your collectors' items.
