PLEXIGLAS®

Driver safety screen in the Mercedes-Benz Citaro bus

Market segment

Automotive

Products

PLEXIGLAS® Resist Grey

Fabrication and photo credit

Birkholz Kunststoffwerk GmbH, Heppenheim, Germany

www.birkholz-kunststoffwerk.de

Selection criteria

- High impact resistance
- Brilliant surface
- Low weight
- Good formability
- Cost-effective printability
- High inherent rigidity
- Excellent UV resistance
- Outstanding long-term behavior
- The component satisfies the requirements of ECE R 43.

Description of the application

The transparent driver safety screen separates the driver's cab from the passenger area in every Mercedes-Benz Citaro bus. The Citaro range, from Daimler-Benz and its subsidiary EvoBus, has been specially developed and fabricated for regular line service.
