PLEXIGLAS®

Display stand for room thermostat

Description of the application

Control CT 100 from Junkers Bosch

This is a demo stand of PLEXIGLAS® GS White WH 01 in 5 mm thickness. It is being used to present the new generation room thermostat from Junkers Bosch. This demo stand is being used in Junkers Bosch stores all across Germany.

Junkers Bosch uses this high-quality demo stand to demonstrate to its customers the operation and use of the new room thermostat Control CT 100.

The high-quality appearance of PLEXIGLAS® GS displays the Control CT 100 to particular advantage.
