

Reference

PLEXIGLAS®

Greenhouse Sion Orchids in the Netherlands

Market segment

Industrial Construction & Architecture,
Greenhouse

Product

PLEXIGLAS® Resist SDP 16 NO DROP, approx.
50.000 m², buildt in two steps in 2003 and 2008

Location

De Lier, Netherlands

Fabricator

Technokas, De Lier, Netherlands

Selection criteria

- high light transmission
- energy efficiency
- excellent resistance to aging
- robust

Description of the application

Sion Orchids has been growing potted Phalaenopsis orchids under PLEXIGLAS Resist® SDP 16 NO DROP glazing since 2003. The excellent climate beneath these sheets was one of the main features that convinced Eric Moor. Energy savings and the benefits for the plants themselves tipped the scales in favor of PLEXIGLAS®.
