

Reference

PLEXIGLAS®

Greenhouse Van der Weijden in the Netherlands

Market segment

Industrial Construction & Architecture,
Greenhouse

Product

PLEXIGLAS® Alltop SDP, approx. 19.000 m²,
buildt in 2006

Location

Kudelstaart, Netherlands

Fabricator

Bosman, Aalsmeer, Netherlands

Selection criteria

- high light and UV transmission
- energy efficiency
- excellent resistance to weathering and aging

Description of the application

The Lennard van der Weijden plant nursery specializes in growing Phalaenopsis pot orchids. The most important factors in the selection were the reduction in heating costs, the long-term investment in the future, and the expanded options for controlling the greenhouse climate. All of that fits exceptionally well into the overall environmentally-friendly design of the nursery.
