Description of the application

PLEXIGLAS® Hi-Gloss – Sophisticated appearance and very special depth effect – those are the characteristics of these high-gloss solid sheets, which are available in various colors.

They can be used in shopfitting, and trade fair stand and furniture construction, as well as in the sanitary area, where the sheets are used as wall or backsplash tiles.

The application described above is in the staff kitchen at Schaufler, Dettingen / Teck. Schaufler used PLEXIGLAS® Hi-Gloss to renovate a wood decor kitchen, in order to demonstrate the possibilities for using the material to its customers.
